

MS 50

Wallmount Set

Order # 707.732

FEATURES

- Solid black powder coated steel tube
- Adjustable to any angle by special swivel joint assembly
- 360° horizontal and vertical adjustability
- Can be mounted to walls or ceilings
- 3/8" thread - supplied with thread adapter to 5/8"
- Rugged screws and adapter of zinc-plated steel

APPLICATIONS

With the MS 50 wallmount set you can mount antennas with a 3/8" or 5/8" thread, such as AT 71 or AT 91, to walls or ceilings. A special swivel joint assembly allows the variable adjustment of the antenna. It is also possible to adjust the antenna 360° horizontally and vertically.
