

WA-CKL

Connecting Cable

Order # 711.535

FEATURES

- RG 58 coaxial cable (50 Ω)
- With male BNC connectors
- Cable length: 30 cm

TECHNICAL SPECIFICATIONS

Cable RG58
Connection male BNC connectors
Length 30 cm

APPLICATIONS

The WA-CKL connecting cables are used for cascading up to 8 receivers of the beyerdynamic TG 1000 wireless series. This allows the operation of a multi-channel system without external antenna splitter. The WA-CKL cable set is supplied with two cables.
